

Graduate Work Evaluation Form

Name of Student: _____

Document Title: _____

Name of Reviewer: _____

Date: _____

In the questions below, the term "work" is meant to refer to a student's master's project, thesis, or Ph.D. dissertation. The "document" is the project writeup, thesis, or dissertation itself.

The following questions should be answered on a scale from 1 to 5, where 5 indicates "most difficult", "most useful" etc. as the question indicates. For simple statements, rate your agreement with the statement on the same scale, where 5 means "agree most strongly".

1. Rate the technical difficulty of this work relative to other work of the same type (i.e. project, thesis, or dissertation). _____
2. Rate the usefulness of this work. _____
3. Rate the amount of implementation that this work represents relative to other work of the same type (i.e. project, thesis, or dissertation). _____
4. Rate the theoretical or conceptual contribution of this work relative to other work of the same type (i.e. project, thesis, or dissertation). _____
5. The work is technically sound. _____

Ph.D Dissertation Only:

6. Rate the publish-ability of this work. _____
